## About Me

Hi, thanks for checking out my profile! Although I currently am employed as a bank teller at a local bank, I'm always looking for ways to earn extra income. Since landscaping is one of my true passions, I'd love to help you with your yard on the weekends or after work.

When I first moved to the area, I fell in love with the gorgeous surroundings, so I want to help maintain that beauty by working to keep your lawn well-manicured and your flowers in full bloom. Whether you need general yard work like weeding your garden and planting perennials or require maintenance like staining your deck or gutter cleaning, I have the know-how, landscaping tools, and positive attitude to get the job done to your satisfaction.

My motto? Life's too short not to laugh and enjoy what you do.

## Experience

WORK HISTORY | CREDENTIALS | MY LINKS | PHOTO GALLERY

For as long as I can remember, I've loved getting my hands dirty in the garden. When I was in high school, I worked summers at my hometown garden store. Although I currently design flowerbeds for several businesses in the valley, my favorite jobs are those for homeowners who don't have the time or the green thumb necessary to create the atmosphere they desire.

I also have worked for over three years as a landscaping design consultant at a local architectural firm.

Lisa came and turned our yard into gold! She works hard, never complains and is a sheer delight to employ. I'm happy to provide any additional details for anyone interested in hiring Lisa for work.

We had so much spring clean-up to do! Our yard was overgrown and completely unmanageable. Lisa came to help, rolled up her sleeves, got to work, and in less than 5 days, the yard looks neat and beautiful.
